

Highpoint Health – Sumner with Ascension Saint Thomas

**Implementation Strategy for the 2024 CHNA
Sumner County, Tennessee**

Highpoint Health

The purpose of this Implementation Strategy (IS) is to describe how the hospital plans to address prioritized health needs from its current Community Health Needs Assessment (CHNA). The significant health needs the hospital does not intend to address are identified, and a rationale is provided. Special attention has been given to the needs of individuals and communities at increased risk for poor health outcomes or experiencing social factors that place them at risk.

About Ascension

Ascension is one of the nation's leading non-profit and Catholic health systems, with a Mission of delivering compassionate, personalized care to all with special attention to those most vulnerable. In FY2024, Ascension provided \$2.1 billion in care of persons living in poverty and other community benefit programs. Across 16 states and the District of Columbia, Ascension's network encompasses approximately 106,000 associates, 26,000 aligned providers, 105 wholly owned or consolidated hospitals, and 34 senior living facilities. Additionally, through strategic partnerships, Ascension holds an ownership interest in 26 other hospitals.

Ascension's Mission provides a strong framework and guidance for the work done to meet the needs of communities across the US. It is foundational to transform healthcare and express priorities when providing care and services, particularly to those most in need.

Mission: Rooted in the loving ministry of Jesus as healer, we commit ourselves to serving all persons with special attention to those who are poor and vulnerable. Our Catholic health ministry is dedicated to spiritually-centered, holistic care which sustains and improves the health of individuals and communities. We are advocates for a compassionate and just society through our actions and our words.

Overview of the Implementation Strategy

Needs Prioritization

Protection and Affordable Care Act of 2010, more commonly known as the Affordable Care Act (ACA), requires all not-for-profit hospitals to conduct a Community Health Needs Assessment (CHNA) and adopt an Implementation Strategy (IS) every three years. Included in Code Section 501(r)(3) is the requirement that hospitals must provide a description of the process and criteria used to determine the most significant health needs of the community identified through the Community Health Needs Assessment (CHNA). Accordingly, Highpoint Health – Sumner with Ascension Saint Thomas used a phased prioritization approach to identify the needs of Sumner County, Tennessee. The first step was to determine the broader set of identified needs. The CHNA assessment narrowed identified needs to a group of needs determined most crucial for community stakeholders to address.

Highpoint Health – Sumner with Ascension Saint Thomas identified additional criteria to prioritize the significant needs including:

- Magnitude: How many individuals does the problem affect?
- Seriousness of consequences: What would happen if the issue were not made a priority? What level of burden on the community (economic, social or other)?
- Feasibility: Is the problem preventable, and what is the community's capacity to address?
- Equity: Is one group of people being affected more than other groups? Are health outcomes different for different groups?

After completing the CHNA assessment, significant needs were further narrowed down to community prioritized needs that the hospital will address within the Implementation Strategy (IS). To arrive at the community prioritized needs, Highpoint Health – Sumner with Ascension Saint Thomas collaborated with the Sumner County Health Department and the Sumner County Health Committee to facilitate a discussion meeting on October 30, 2024 to prioritize the top needs in the community.

The needs listed below were voted as top priority needs by the community key stakeholders in Sumner County.

- Mental Health
- Substance Misuse
- Access to Care
- Obesity and Resulting Chronic Conditions

Needs That Will Be Addressed

During the Implementation Strategy (IS) brainstorming phase, Highpoint Health – Sumner with Ascension Saint Thomas, Community Benefit and leaders agreed to a collective impact model toward addressing needs that appeared in multiple counties. This model is an effort to allocate resources in ways that can more meaningfully impact priority areas. Highpoint Health – Sumner with Ascension Saint Thomas has selected the community prioritized needs outlined below for its 2024 Implementation Strategy (IS). Highpoint Health – Sumner with Ascension Saint Thomas has defined “community prioritized needs” as the needs which have been prioritized by the hospital to address through the three-year CHNA cycle:

- **Access to Care** - This need was selected because Access to Care is in alignment with the organizational strengths and priorities, and was identified as a top priority by Highpoint Health – Sumner with Ascension Saint Thomas and voted as a top priority need by members of the Sumner County Health Committee.
- **Mental Health** - This need was selected because Access to Care is in alignment with the organizational strengths and priorities, and was identified as a top priority by Highpoint Health – Sumner with Ascension Saint Thomas and voted as a top priority need by members of the Sumner County Health Committee.
- **Substance Misuse** - This need was selected because Substance Misuse is in alignment with the organizational strengths and priorities, and was identified as a top priority by Highpoint Health – Sumner with Ascension Saint Thomas and voted as a top priority need by members of the Sumner County Health Committee.

Needs That Will Not Be Addressed

Highpoint Health – Sumner with Ascension Saint Thomas will be addressing all community prioritized health needs listed above.

Approval and Adoption of the IS by Highpoint Health Governing Board of Directors

To ensure the Hospital's efforts meet the needs of the community and have a lasting and meaningful impact, the 2024 Implementation Strategy (IS) was presented and adopted by Highpoint Health with Ascension Saint Thomas Governing Board of Directors on October 17, 2025 (2024 tax year), and by the Ascension Saint Thomas Board of Directors on October 24, 2025 (2024 tax year). Although an authorized body of the hospital must adopt the IS to be compliant with the provisions of the Affordable Care Act, adoption of the IS also demonstrates that the board is aware of the IS, endorses the priorities identified, and supports the action plans that have been developed to address prioritized needs.
