BILLING AND COLLECTIONS POLICY

1. PURPOSE

Highpoint Health facilities include Highpoint Health – Sumner, Highpoint Health – Riverview, and Highpoint Health – Trousdale.

2. SCOPE

This policy shall apply to the Hospitals, its Extended Business Office (EBO), and collection agencies engaged by the Hospitals.

Highpoint Health is committed to informing patients regarding their financial responsibilities and available financial assistance options, and communicating with patients regarding outstanding accounts in a manner that treats patients with dignity and respect.

Highpoint Health will use reasonable efforts to determine a patient’s eligibility under its Financial Assistance Policy. Copies of the Financial Assistance Policy, a plain language summary of the Financial Assistance Policy, the Financial Assistance Application and associated instructions are available free of charge upon request by writing to **Highpoint Health with Ascension Saint Thomas at P.O. Box 1558, Gallatin, TN 37066**. Copies can also be found in the emergency room and admission areas of the hospital. These documents may be found online at highpointhealthsystem.com.

3. EMERGENCY MEDICAL CARE

Highpoint Health will provide, without discrimination, and in compliance with the Emergency Medical Treatment and Labor Act (EMTALA), care for emergency medical conditions to individuals regardless of whether they are eligible for Financial Assistance, as specified in greater detail in the health system’s EMTALA policy. A copy of the EMTALA policy is available free of charge upon request by writing to **Highpoint Health with Ascension Saint Thomas at P.O. Box 1558, Gallatin, TN 37066**; the policy may also be downloaded at highpointhealthsystem.com. The health system will not engage in any actions that discourage individuals from seeking emergency medical care, such as by demanding that emergency room patients pay before receiving treatment or by permitting debt collection activities that interfere with the provision, without discrimination, of emergency medical care.

- providing the Hospital with complete and timely insurance and demographic information;
- notifying the hospital of potential third-party sources of payment such as worker's compensation, motor vehicle insurance policy, or personal injury settlement;
- obtaining and maintaining health insurance coverage, if affordable coverage is available to them, and satisfying any applicable co-pays, deductibles and co-insurance;
- understanding and complying with the requirements and limitations of their health insurance coverage, including but not limited to network limitations, referral and pre-authorization requirements, and timely submission of claim forms;
- adhering to any agreed-to alternate payment plans; and
- for patients seeking Financial Assistance, submitting a complete and timely Financial Assistance Application and cooperating as requested in applications for Medicaid or other government programs.

c. The Hospital will maintain records to document billing and collection efforts and communications on each patient account. [Such records will be subject to the Hospital's applicable privacy and document retention policies.]

5.2 Billing Patients and Third Party Payers

- a. The Hospital will make reasonable efforts to collect a patient's insurance and other information and to verify coverage for the services to be provided. This information may be obtained prior to the delivery of non-emergent health care services. The Hospital will defer any attempt to obtain this information during the delivery of EMTALA-level emergency care to prevent delaying or interfering with either the medical screening examination or services to stabilize an emergency medical condition.
- b. The Hospital will bill third party payers in accordance with the requirements of applicable law and the terms of applicable third party payer contracts. In general, patients are expected to timely pay any account balances that are not paid by a third party payer. Patients who seek non-emergent health care services may be requested to pay in advance for services that will not be covered by third party payers, including co-payments, deductibles and co-insurance amounts.
- c. Patient Financial Services may, on a case-by-case basis, approve payment plan arrangements for patients who indicate they may have difficulty paying their account balance in a single installment.

When a patient does not qualify for Financial Assistance, Patient Financial Services may in its discretion apply other discounts, including for example discounts to encourage prompt payment or to recognize unique cases of financial hardship. Such discounts are not part of the Financial Assistance Policy and may not be combined with Financial Assistance discounts.

5.3 Collections and Reasonable Efforts to Determine Eligibility for Financial Assistance

- a. The Hospital will not refer any account to a collection agency during the Notification Period and will first make reasonable efforts (as set forth in this section 5.3) to determine whether a patient is eligible for Financial Assistance.
- b. All patients will be offered a plain language summary of the Financial Assistance Policy as part of the Hospital's intake or discharge process.
- c. All patient billing statements will include a notice regarding the Financial Assistance Policy, including information on how to obtain copies of the Financial Assistance Policy and a Financial Assistance Application.
- d. In the event of nonpayment by an uninsured patient of charges for Covered Services:
 - i. *No Financial Assistance Application Submitted During the Notification Period.* If the patient does not submit a Financial Assistance Application during the Notification Period, an account may be referred to a collection agency if each of the following criteria has been met:

 - ii. *Financial Assistance Application Submitted During the Notification Period.* If the patient completes a Financial Assistance Application during the Notification Period and the Hospital determines that the patient is not eligible for Financial Assistance, the Hospital will inform the patient in writing of its eligibility determination and may refer the account to a collection agency after the Notification Period has lapsed.
 - iii. *Financial Assistance Application Submitted After the Notification Period.* If a patient completes a Financial Assistance Application after the Notification Period but before the end of the Application Period, collection activity will be suspended until the Hospital has processed the application. If the Hospital determines that the patient is not eligible for Financial Assistance, the Hospital will inform the patient in writing of its eligibility determination and may resume collection activity.
 - iv. *Incomplete Financial Assistance Application Submitted During the Application Period.* If a patient files an incomplete Financial Assistance Application during the Application Period, the Hospital will suspend collection agency activity and will send the patient written notice describing the additional information needed and giving the patient a reasonable opportunity to respond (at least 30 days or until the end of the Application Period, whichever is later). If the patient does not provide the required information by the indicated response date, the Hospital may refer the account to a collection agency in accordance with section 5.3(d)(i), above.
